

CENTERRA GOLD INC.

BOARD MANDATE

1. GENERAL

The Board of Directors (the “Board”) believes that sound corporate governance practices are essential to the well-being of the Corporation and the promotion and protection of its shareholders’ interests as owners of the Corporation. The Board oversees the functioning of the Corporation’s governance system, in part, through the work of the Nominating and Corporate Governance Committee.

The Board has adopted this mandate to assist it in supervising the management of the business and affairs of the Corporation as required under applicable legislation and stock exchange rules.

The Board will revise this mandate from time to time based on its assessment of the Corporation’s needs, legal and regulatory developments and best practices. The Nominating and Corporate Governance Committee will review this mandate annually, or more often if warranted, and recommend to the Board such changes as it deems necessary and appropriate.

2. THE BOARD’S RESPONSIBILITIES

The fundamental responsibility of the Board is to supervise the management of the business and affairs of the Corporation with a view to sustainable value creation for all stakeholders. The Board discharges this responsibility by developing and determining policy by which the business and affairs of the Corporation are to be managed and by overseeing management of the Corporation. The Board promotes fair reporting, including financial reporting, to shareholders of the Corporation and other interested persons as well as ethical and legal corporate conduct through an appropriate system of corporate governance, internal controls and disclosure controls.

3. DIRECTORS’ RESPONSIBILITIES

The primary responsibility of individual directors is to act in good faith and to exercise their business judgment in what they reasonably believe to be the best interests of the Corporation. In order to fulfill this responsibility, each director is expected to:

- develop and maintain a thorough understanding of the markets in which the Corporation conducts business, its strategy and business operations and its financial position and performance;
- diligently prepare for each meeting, including reviewing all meeting materials distributed in advance;

- actively and constructively participate in each meeting, including seeking clarification from management and outside advisors where necessary to fully understand the issues under consideration;
- engage in continuing education programs for directors, as appropriate; and
- attend all meetings of the Board and any committee of which he or she is a member.

4. BOARD COMPOSITION

(a) Board Membership Criteria

The Nominating and Corporate Governance Committee is responsible for establishing the competencies and skills that the Board considers to be necessary for the Board as a whole to possess; the competencies and skills that the Board considers each existing director to possess; and the competencies and skills each new nominee will bring to the Board. The Nominating and Corporate Governance Committee identifies candidates for Board membership based on their character, integrity, judgment and record of achievement and any skills and talents they possess which would add to the Board's decision-making process and enhance the overall management of the business and affairs of the Corporation. The Corporate Governance and Nominating Committee will also take into consideration the representation of women and other minority groups in the director identification and selection process in accordance with the Corporation's diversity, equity and inclusion policy.

Directors who change their principal occupation are expected to advise the Nominating and Corporate Governance Committee and, if determined appropriate by the Nominating and Corporate Governance Committee, resign from the Board.

(b) Director Independence

The Board believes that, except during periods of temporary vacancies, the majority of its members should be independent. For the purposes of this mandate, "independent" means the standard of independence applicable to audit committee members as set out in National Instrument 52-110 – *Audit Committees*, as amended from time to time.

In all cases, the determination of whether a director is independent must be made by the Board in accordance with applicable securities laws and stock exchange rules. Generally, an independent director means a director who has no direct or indirect material relationship with the Corporation. For these purposes, "material relationship" means a relationship which could, in the view of the Board, reasonably interfere with the exercise of a member's independent judgment.

In making a determination regarding a director's independence, the Board will consider all relevant facts and circumstances, including the director's commercial, industrial, banking, consulting, legal, accounting, charitable and familial

relationships, and such other criteria as the Board may determine from time to time.

The Board will review the independence of all directors on an annual basis and will disclose its determinations annually. To facilitate this review, directors will be asked to provide the Board with full information regarding their business and other relationships with the Corporation and its affiliates and with senior management and their affiliates. Directors have an ongoing obligation to inform the Board of any material changes in their circumstances or relationships which may affect the Board's determination as to their independence.

(c) **Board Size**

The Board is of the view that a size of between 8 and 11 members is conducive to effective decision-making and committee work.

(d) **Retirement**

Directors may serve on the Board until the annual meeting of the Corporation next following their 75th birthday, and may not be re-elected after reaching age 75, unless this requirement has been waived by the Board, or the Nominating and Corporate Governance Committee, for a valid reason.

(e) **Term**

All directors are elected at the annual meeting of shareholders of the Corporation for a term of one year.

(f) **Board Succession**

The Nominating and Corporate Governance Committee is responsible for maintaining a Board succession plan that is responsive to the Corporation's needs and the interests of its shareholders.

(g) **Service on Other Boards**

The Board does not believe that its members should be prohibited from serving on the boards of other public companies so long as these commitments do not materially interfere with and are not incompatible with their ability to fulfill their duties as a member of the Board. Directors must advise the Chair in advance of accepting an invitation to serve on the board of another public company.
